## CHEAT DEATH WHEN PLANE CRASHES ON BOOM AT ESQUIMALT

Captain "Terry" Finney and Ralph Bonner, Pupil, Escape Serious Injury When Seaplane Dives Out of Control—Engine Failure Believed Cause—Machine Reduced to Matchwood

CAPTAIN R. G. "Terry" Finney, well-known Victoria aviator and pilot-instructor, and Ralph Bonner, 912 Bank Street, a pupil believed to have been taking his first instructional flight, had a miraculous escape from death when Captain Finney's De Havilland Moth seaplane, CF-AGM, dived out of control from an altitude of about 100 feet, to crash on a boom of logs in Plummer Bay, off the Esquimalt Indian reserve, at about 3:30 p.m. yesterday.

The machine struck the logs with such force that it was reduced to a tangled mass of wreckage and quickly submerged, but Captain Finney and his pupil escaped serious injury. The former received injuries to his face and head, and Mr. Bonner, who is twenty-five years old, was superficially injured on the face. Both suffered from exposure, but Jubilee Hospital authorities reported last night that the men were resting comfortably.

**VERTICAL DIVE**  
Though conscious, Captain Finney was in a dazed condition and incoherent last night, and was unable to give a clear account of the cause of the crash.  
He said that the seaplane's single engine gave trouble and the machine went into a vertical dive. He regained control of the ailerons, however, in time to avoid a high timber pile to which the boom was made fast.  
An eye-witness of the crash, Alfred Nix, Marigold, a boom-man working a short distance from the point where the airplane plunged onto the logs, said the machine flew over the Esquimalt cannery at a low altitude, then suddenly went into a spinning nose-dive.

## NINETEEN JEWS SLAIN BY ARABS

Arab Terrorists Sweep Down On Tiberias From Two Directions

TIBERIAS, Palestine, Oct. 3 (AP)—Nineteen Jews were killed by Arab terrorists today in one of the worst outbreaks in current Jewish-Arab rioting over rival claims to Palestine as a homeland. Bodies of those slain, about half of whom were young children from one to ten years of age, were burned by the Arabs.  
After cutting all telephone communications, the Arab rebels entered Tiberias from two directions. Suddenly a shrill whistle was a signal for a concerted attack upon the Tiberias police station, Government offices and British police barracks. Fires broke out in the Jewish synagogue, the district commissioner's office and several homes.  
**ARABS HEAVILY ARMED**  
Armed with rifles, bombs and daggers, the Arabs swooped down on Jewish homes, centering their attack on three houses. Six persons were killed in one, five in another and two in the third. Others were killed in shootings in different parts of the city.  
Help came almost immediately from the Trans-Jordan frontier force and police stations of a neighboring settlement. Six Arabs were killed and the remainder scattered.

## PLANE LOST IN SOUTH ATLANTIC

German Flying Boat Missing Since Saturday—Bills of Wreckage Found

BERLIN, Oct. 3 (AP)—Lufthansa officials said today a flying boat of the line, overdue on a trans-Atlantic crossing from Brazil to Bathurst, Gambia, West African British colony, must be "regarded as lost."  
The line said a mailbag and two pieces of wood from the fuselage of the plane, which carried five persons, were found off Bathurst. The plane left Natal, Brazil, on Saturday afternoon.  
The plane carried a crew of four and the company's section supervisor, Dr. Dierbach, as a passenger.

## Czech Soldiers Held Prisoners by Guard Of Hitler's Troops

Advance Body Moving Into Sudetenland Zone Ahead of Schedule Surrounds Body of Over Five Hundred—Are Threatened With Death

FALKENAU, Oct. 3 (AP)—More than 500 Czechoslovak soldiers and gendarmes were surprised and surrounded by an advance guard of Adolf Hitler's S.S. men here today and held for three hours while they were threatened with death from machine gun bullets.  
When finally freed, the Czechoslovaks were deprived of their motor equipment and arms.  
Excitement in surrounding garrisons was caused by the incident. The Carlsbad garrison detailed two squads of machine gunners to guard that spot where the German entrance is not expected until tomorrow, and sidereads were barricaded.  
Czechoslovaks said the incident occurred when the advance German guard moved in six hours ahead of the schedule of the International Military Commission regulating occupation of the Western Sudeten.

The S.S. commander gave the

## Attempt Salvage of Wrecked Plane

Nothing but the tail of Captain R. G. "Terry" Finney's seaplane remained above water a few minutes after the machine, in which Captain Finney was instructing a pupil, Ralph Bonner, crashed on to a boom of logs in Esquimalt Harbor, yesterday afternoon. The occupants escaped without serious injury. In the above picture naval officers and ratings and provincial police are seen endeavoring to salvage the wrecked seaplane.

## Daladier Again Asking for Full Decree Authority

French Premier to Seek Extraordinary Powers To Deal With Financial Difficulties—Passage of Vote of Confidence on Foreign Policy Expected From Parliament

PARIS, Oct. 3 (AP)—Political sources said tonight Premier Daladier has decided to ask Parliament for temporary decree authority to meet financial difficulties arising from the international crisis.  
Daladier came into office on April 10 with decree powers which expired on July 31. Demand for full powers has been the traditional way for French Governments to face financial difficulties.  
Sources close to the Government said decree powers to be demanded by Daladier would extend until January 1, 1939, giving him authority to take "all financial, economic and social measures which the present situation require."  
Confidence was expressed in these quarters that after obtaining a vote of confidence on its foreign policy with respect to Czechoslovakia and the four-power Munich conference, the Government would also win a delegation of powers on this domestic issue.  
Two Cabinet meetings were called, the first tomorrow at 10 a.m., and the second at 11 a.m., with President Lebrun at the Elysee Palace.  
The Cabinet will be asked to approve the report on the Czechoslovak crisis which the Premier will make to Parliament in the afternoon, and to consider measures to relieve the situation.

## Hotel Silver Melted Into Bogus Dimes

NEW YORK, Oct. 3 (AP)—The mystery of the vanishing hotel table silver was explained today by James J. Maloney, of the United States Secret Service. It was being melted and molded into counterfeit dimes, Maloney said, by two men who stole it while working as bus boys in various hotels. The men passed about 5,000 dimes a month, Maloney said.  
Two Cabinet meetings were called, the first tomorrow at 10 a.m., and the second at 11 a.m., with President Lebrun at the Elysee Palace.  
The Cabinet will be asked to approve the report on the Czechoslovak crisis which the Premier will make to Parliament in the afternoon, and to consider measures to relieve the situation.

## U.B.C. Team Wins Honors For Judging

PORTLAND, Oct. 3 (AP)—A University of British Columbia student, Leonard Zink, took top honors in dairy cattle judging at the Pacific International Livestock Exposition today.  
A fellow student, Robert Tafas, was second, to give British Columbia's team first place. Ralph Kirscher, University of Montana team, was third.  
McRae Farms, Ltd., Quillem, exhibited the champion ram among Dorset sheep.

## COAL INDUSTRY IS ENDANGERED

Strike Action Threatens Saskatchewan Lignite Area—Unions Involved

ESTEVAN, Sask., Oct. 3 (AP)—Strike action threatened tonight to paralyze the Saskatchewan lignite coal industry.  
At the Western Dominion Coal Mines, Ltd., at Taylorton, 135 men were idle, with the possibility that the Wilson Coal Mines, No. 1 and No. 2, at Benfall, will be called out tomorrow morning.  
Further action depends upon the United Mine Workers of America, who contend that the operators ignored a request to open negotiations regarding an increase in the wage schedule and the Saskatchewan Government refused to conduct a referendum to determine whether the U.M.W.A. or the Canadian Federation of Labor should unionize the field.  
**CANADIAN GROUP**  
Regarding the shutdown at the Western Dominion Coal Mines, General Manager A. E. Turner stated that the local union formed in that area has affiliated itself with the Canadian Federation of Labor and therefore there is no need for the U.M.W.A.  
Since the affiliation he has given the Canadian Federation of Labor a closed shop at the Western Dominion and definitely will not recognize the United Mine Workers of America, he stated.  
As a result of giving the Canadian Federation of Labor a closed shop at the Western Dominion, miners who have not identified themselves with this union were refused work today.

## MODERN CIVILIZATION SAVED BY AGREEMENT SIGNED AT MUNICH

Prime Minister Chamberlain, Facing Critics in House of Commons, Pledges Himself to Continue Task of Working for General Appeasement and Disarmament in Europe

## Eden Draws Conclusion That Rearmament Has Been Slow

LONDON, Oct. 3 (AP)—Prime Minister Chamberlain today told the House of Commons the Munich four-power agreement saved civilization "as we know it," and pledged himself to use it as a foundation for finishing his task of peace and general disarmament.  
He and Anthony Eden, who once sat as Cabinet colleagues, reiterated their basically different political philosophies regarding the totalitarian states when the House discussed the Munich settlement of the Czechoslovak-German crisis.  
From the back row of Government benches to which he was relegated seven months ago when he resigned as Foreign Secretary, Mr. Eden bluntly declared the time had come when "the Democracies have got to show themselves as resolute in policy and in spirit as nations under any form of government."

## SEEKS EARLY NEGOTIATION

Hungary Sends New Note To Prague on Claims For Minority

BUDAPEST, Oct. 3 (AP)—The Hungarian Press Agency announced today the Government had presented Czechoslovakia a new note calling for immediate negotiations on Hungary's minority claims.  
The announcement said the note also requested a guarantee the negotiations would be conducted in "the right atmosphere."  
It was explained this latest request was made to assure a quick solution of Hungary's claims involving her 800,000 minority in the little republic.  
Meanwhile Hungarian newspaper reports of "increased Czech terror" made Magyar blood temperatures rise.

## Four Lives Taken By Fear of War

AUXERRE, France, Oct. 3 (AP)—Pierre Barbazanges, a twenty-six-year-old bookkeeper, whose fear of war drove him to kill his wife, died today from self-inflicted bullet wounds. Fearful of being called to the colors, Barbazanges shot his wife and himself last week when the Government ordered partial mobilization. The parents of Mme. Barbazanges, also fearing war, hanged themselves shortly afterward.

## NO CHANGE IN RELIEF PLANS

B.C. Proposes Winter Camps For Single Homeless Men as Before

First home from Ottawa after the recent mission, Hon. C. S. Pearson said yesterday British Columbia would continue existing relief arrangements, and expected to repeat winter camps for single homeless men this year, with Federal assistance.  
Repeating what was done in two previous years, an \$800,000 programme is proposed to care for single men in camps, with work on road and district projects, under the same plan of maintenance and deferred pay as formerly, the minister indicated.  
Details remain to be settled when Hon. Norman Rogers, Federal Minister of Labor, comes West later in the month. The principles of the plan were agreed upon between Mr. Rogers and Mr. Pearson, at Ottawa.  
Last year, winter camps handled 4,700 men in rotation, 1,900 men at a time, with deferred pay sufficient to maintain them after closure of the camps until the resumption of seasonal work in spring. It is proposed that the same scheme be followed this winter, Mr. Pearson said.

## Not Allowing Company to Build Bridge

TORONTO, Oct. 3 (AP)—Premier Hepburn said today Falls View Bridge, which stretched across the Niagara River below the Falls, until its collapse early this year, would be replaced by a bridge built by a commission of New York State and the Province of Ontario. Under no circumstances would Ontario permit the International Railway Company to construct a new honeymoon bridge, he said. The company, which owned the Falls View Bridge, has announced its intention of replacing it.

## LATE NEWS BULLETINS

**SEARCH FOR HOME FOR NON-NAZI FUGITIVES**  
PRAGUE, Oct. 3 (AP)—Two non-Nazi leaders of Germans in Czechoslovakia left for London tonight to seek British co-operation in obtaining aid for fugitives from Sudeten areas ceded to Germany. They were Wenzel Jaksch, leader of the German Social Democratic Party, and John Wanka, spokesman for a group of Centralist Germans. South American nations were among those Jaksch and Wanka considered sounding out as to the possibility of providing new homes for the fugitives. It was understood they were also interested in Canada.

In the similar three months last year, when expenditures amounted to \$1,938,764,437, the deficit was only \$287,073,673.

**SUGGESTS THANKSGIVING FUND FOR CZECHS**  
LONDON, Oct. 3 (AP)—The Social Credit Party of Great Britain today sent telegrams to the King and Prime Minister Chamberlain asking Government action to relieve Czechoslovakia of all financial responsibility consequent upon the dismemberment sanctioned by the Premier. It urged cost of such relief be "met out of an Empire Thanksgiving fund, to be created by the Bank of England and issued free of interest."

**THEFT REPORTED ABOARD CANADIAN PACKER**  
VANCOUVER, Oct. 3 (AP)—Theft of \$1,145 from the Canada Packers fish packer Rhinoceros was reported tonight to British Columbia Police on the craft's arrival here from the North. Captain Walter Silda said he missed the money from the boat late last week while it was in the vicinity of Toba Inlet.

## RELIEVED BY END OF WAR SCARE

Spanish Insurgent Command Can Now Get On With Its Own Hostilities  
HENDAYE, France, Oct. 3 (AP)—The Spanish insurgent command, relieved by the end of the war scare in Central Europe, pushed forward anew today against Government lines on the Ebro River front in Northeast Spain.  
Heavy rains, which contributed to blocking the northern campaign, ended.  
Insurgents said their troops were battling steadily forward, although slowly, between Corbera and Venta de Campanillas, a few miles northeast of Gandesa.  
Government advances indicated resistance remained strong.

## Special Policeman To Stand Trial on Charge of Assault

Striking Blubber Bay Employee Tells Court of Beating at Hands of Officer After Arrest—Attack Interrupted by Sergeant

VANCOUVER, Oct. 3. (C.P.)—Andrew Williamson, special British Columbia constable at Blubber Bay, ninety miles north of here, was committed today to stand trial on a charge of assault occasioning grievous bodily harm.

The charge was laid by Robert Gardener, striking employee of the Pacific Lime Company at Blubber Bay, who declared he suffered four fractured ribs after being beaten and kicked by Williamson in police headquarters in the Texada Island industrial settlement. Gardener was being held by police at the time after a riot September 17, between striking and working employees of the company on a Government pier there.

**DESCRIBES ARREST**  
Gardener, speaking with difficulty took the stand to tell how he was arrested, taken to an old house used as police headquarters and put in a room with three other strikers. A short time later, Gardener said, Williamson came to the room and said:

"Come here, Gardener, I want to speak with you."

"I could see he was under the influence of liquor," the forty-two-year-old striker testified, and described how he was taken to another room and told to sit on a chair.

"As soon as I sat down," Gardener went on, "he hit me on the head and knocked me over. Then he hit me on the other side. He punched me in the ribs. Then he knocked me on the floor and kicked me twice on the right side."

for working conditions. He said, however, he was not a picket the day the riot occurred.

District Magistrate G. L. Fillmore, in committing Williamson after denying a defence motion for summary trial, declared:

"This is a very serious matter and is developing very seriously for the accused."

## SEEKS EARLY NEGOTIATION

Office said that, up to the time the new note was delivered in Prague, there had been no indication from the Czechoslovak Government as to when it intended to start the negotiations.

He added that Hungary was ready to occupy the purely Hungarian minority district of Czechoslovakia should her claims be accepted by Czechoslovakia as a result of the negotiations.

The Czechoslovak Government last night notified Budapest of its desire for peaceful settlement of Hungary's claims involving her 800,000 minority in the republic.

**EARLY ACTION URGED**  
ROME, Oct. 3. (C.P.)—Italy today called for speedy completion of Czechoslovakia's partition by satisfaction of Hungary's minority claims.

The semi-official Information Diplomatic Service, distributed through the Ministry of Popular Culture, cautioned that delay in settling this problem might bring "new complications."

Sharp tone of the Fascist press plainly reflected the Italian conviction Europe was far from the assured peace some expected the Munich four-power accord to produce.

**ACTED AS PICKET**  
During his testimony, Gardener admitted having acted as a picket for the International Woodworkers of America, a Committee for Industrial Organization affiliate, which has kept the company partially shut down for several months with its strike for higher wages and better working conditions.

## SAYS CIVILIZATION SAVED AT MUNICH

Continued from Page 1

on Saturday as First Lord of the Admiralty, could hardly control his voice as he cried out that he "could not swallow" the terms of the Munich agreement "under which Czechoslovakia surrendered predominantly Germanic territories to the Reich."

"They stuck in my throat," he declared.

Then came the Prime Minister. "I have nothing to be ashamed of," he said. "Those who have my hands."

Slowly Mr. Chamberlain marshaled his case. He told the packed house the Munich agreement had averted a tragedy which was racing nearer minute by minute. He analyzed its terms to show it represented concessions and surrender from the terms of his Godesberg ultimatum. He compared this six-day ultimatum with the agreement reached at Munich by the Nazi and Fascist dictators and the premiers of Europe's great Democracies.

**ANALYZES FACT**  
Step by step he analyzed the Munich pact to show that Hitler yielded. First of all, he said, the ultimatum became an agreement such as the British and French Governments already had devised for the orderly partition of Czechoslovakia, with definite responsibilities for the four great powers and wide international supervision of its principles.

Next he pointed to the five clearly outlined stages by which German troops are marching into the Sudetenland.

Then he showed how the areas where people are to vote for German or Czechoslovak sovereignty are to be plainly defined on the basis of their predominantly German character by an international commission, whereas Hitler's first demand took in districts where Germans were not predominant.

Again, he pointed to the difference between occupation of the plebiscite areas by German and Czech troops as outlined under Hitler's ultimatum and their occupation by international forces, as arranged at Munich.

**OTHER POINTS**  
He made these other points:

1. Voting will be under the plan of the Saar plebiscite, and probably will be done by small administrative areas. Under Hitler's ultimatum, Czechoslovakia had feared voting would be by large areas, which would be to their disadvantage.
2. Czechoslovakia may take foodstuffs, goods, cattle and raw material from the Sudetenland, although they must not damage permanent property.
3. An international commission lays down the conditions of Czechoslovak evacuation from Sudeten German areas. Under Hitler's Godesberg demands these conditions would have been up to the Germans and Czechoslovakia.
4. The Munich agreement contains "certain very valuable provisions" which were not in the Godesberg memorandum—presumably meaning guarantees for the shrunk Czechoslovakia and provisions for adjusting other minority quarrels.

**AVERTED CATASTROPHE**  
Thus, the Prime Minister contended, the four powers had found a way of carrying out a difficult and delicate operation by discussion instead of loss of life. They have averted a catastrophe which would have ended civilization as we have known it.

He announced a \$10,000,000 loan (approximately \$50,000,000) for the economic rehabilitation of the Czech State. An additional request for a loan of \$20,000,000 will be taken up later.

The Prime Minister closed with an expression of hope that general disarmament would follow, but he made it plain disarmament would be by Great Britain alone. Unilateral action had been tried once by this country, he said, and had been found lacking. He pinned his faith on "removal of those suspicious and animosities which have so long poisoned the air."

Now that Czechoslovakia had been passed "I feel it may be possible to make further progress along the road to sanity," he said.

**FOUNDATIONS LAID**  
"Peace is not to be obtained by sitting still and waiting for it," the Prime Minister declared. Peace required active, positive action and could not be achieved in a day. "We have only laid the foundations of peace. . . . The superstructure is not even begun."

After thanking the men who were mobilized on land, sea and air in Great Britain's day of crisis, Mr. Chamberlain went on:

"Yes, I am a realist. Nevertheless, I say with a sense of relief that I do see fresh opportunities of approaching this subject of disarmament opening up before us. I believe they are at least as hopeful as they have been at any previous time."

He concluded with these words: "It is to such tasks as that—the winning back of confidence, gradual removal of hostilities between nations until they feel they can discard their weapons one by one—it is to such tasks that I would wish to devote what energy there may be left me before I hand over my office to a young man."

**EXPLAINS RESIGNATION**  
Mr. Duff Cooper, explaining his resignation from the Cabinet on Saturday, declared:

"The great defect of our foreign policy of recent months and recent weeks is that we have failed to make it plain to other countries. . . . We have been drifting day by day into war with Germany. We never said until the last moment—and then in uncertain fashion—that we were prepared to fight."

"I had urged mobilization of the fleet for many days. I thought it was the kind of language it would have been easier for Herr Hitler to understand."

**ANOTHER PROTEST**  
He also protested against Mr. Chamberlain signing the "no more war" declaration with Hitler without consultation with the Cabinet.

"This is not the way the foreign affairs of the Empire should be conducted," he said.

As the result of the Munich agreement he said "we were left with the loss of prestige and also a tremendous commitment as for the first time in history, we agreed to defend a frontier in Central Europe."

The House recessed at 11:10 p.m. until tomorrow.

A Government motion was placed on the table late tonight declaring "that this House approves the policy of His Majesty's Government by which war was averted in the recent crisis, and supports their efforts to securing lasting peace."

The motion will be moved Wednesday when the debate ends. It was signed by Mr. Chamberlain, Sir John Simon, Chancellor of the Exchequer, and Malcolm MacDonald, Colonial Secretary, who lead, respectively, the Conservative, National Liberal and National Labor groups in the National Government.

**FORESTALLS OPPOSITION**  
The effect of this motion was to forestall the Opposition, understood to be considering a motion which would call for a general peace and disarmament conference.

## THE WORLD BACK TO DISARMAMENT AND PEACE

Continued from Page 1

Mr. Attlee paid warm tribute to President Benes and the people of Czechoslovakia, declaring: "It is the Czechoslovakia who have kept the peace of Europe."

Sir Archibald Sinclair, Liberal leader, spoke briefly. He stated the Government's "foreign policy, which has brought us to the edge of war and that policy can never be the foundation for a lasting peace."

Lord Halifax, Foreign Secretary, who spoke for the Government in the House of Lords, explained why Soviet Russia was excluded from the four-power conversations at Munich. He said:

"I shall be asked why we consented to the omission of Russia, so closely connected with Czechoslovakia, from the discussions."

"I will venture to repeat here what I said to the Soviet ambassador a day or so ago."

"Five days ago it seemed to us that if war was to be avoided, somehow or other to get matters on to a basis of negotiation."

**FACING THE FACTS**  
"But if we were to face the facts—and nothing was to be gained and everything was to be lost by not facing them—we were obliged to recognize that in the present circumstances, the heads of the German and Italian Governments would almost certainly, at least without much preliminary discussion for which there was not time, be reluctant to sit in conference with a Soviet representative, and, accordingly, if our principal purpose was to assure negotiations, we were bound to have regard to the practical conditions within which alone that purpose could be secured."

"The fact that it was impossible, if we were to talk to the German and Italian Governments in these days at all, to include the Soviet Government directly in these conversations—in no way signified any weakening of our desire, any more than that of the French Government, to preserve our understanding and relations with the Soviet Government."

Sir Samuel Hoare, Home Secretary, spoke in behalf of the Government late tonight in the House of Commons. He said:

**SETTLED CONVICTION**  
"A few days ago we were within a hair's breadth of the greatest catastrophe the world has ever seen. I believe the catastrophe can be avoided, and the Prime Minister has that settled conviction."

Rt. Hon. R. B. Bennett, former Canadian Prime Minister, sat in the gallery with Vincent Massey, Canadian High Commissioner, during Mr. Chamberlain's address.

Sir Samuel Hoare said he did not stand here in a white sheet, to apologize as the sacrifices, if sacrifices they be, of Czechoslovakia.

"The course we have taken," he said, "enables the Czechoslovak Republic to survive."

"A guarantee, coupled with pacts of non-aggression between this country, France, Russia, Germany and Italy, with the minorities question settled in Czechoslovakia, will make the new republic as safe as Switzerland has been for many generations."

It was understood David Lloyd George and Winston Churchill would speak tomorrow.

financial strain caused by the war scare.

**NEAR LIMIT OF LOANS**  
The State was reported to have reached almost the limit of loans without interest authorized by the Bank of France. The present limit is 30,000,000,000 francs (about \$810,000,000).

The last statement of the Bank of France showed 22,500,000,000 francs had been drawn up to September 22, and more has been taken since then. Also, the franc has been falling. It closed tonight at 37.29 to the United States dollar, as compared with the last close, Friday, at 36.85.

The closing pound sterling quoted was 178.98, just two centimes below the limit of 179 fixed by the Government.

**TO BE CLOSELY QUESTIONED**  
A clamor arose tonight to question Premier Daladier tomorrow on the consequences to France of the Munich four-power accord.

Thirteen deputies, ranking from Communist Gabriel Perri to Republican Louis Marin, filed notices of

There is more acid in your stomach than is needed for proper digestion. And what is it doing? It is irritating and inflaming your stomach walls. It is fermenting food and causing gas, bloating, heartburn, indigestion and all those distressing symptoms that make life so uncomfortable.

There's a simple way to get rid of this trouble. You just take a little of the famous **Alka-Seltzer** tablets. They dissolve in water and form a powerful antacid. They neutralize the excess acid and soothe the inflamed stomach lining. Then digestion comes back to normal. You feel better. You have more energy. You are able to eat and enjoy your food again.

Alka-Seltzer is a powerful antacid. It is a famous name. It is a famous product. It is a famous remedy. It is a famous cure. It is a famous name. It is a famous product. It is a famous remedy. It is a famous cure.

**NICKEL FROM CANADA'S MINES**  
MAKES MINING EQUIPMENT MORE DURABLE

Compare the slow, uncertain methods of hoisting ore from a mine forty years ago with equipment used today. Man's ingenuity and better materials have brought amazing advances.

The modern Nickel Steel skip hoists eleven tons of ore to the surface at 3000 feet a minute. Drills with Nickel Steel parts bite into the ore wall. Ore trains with Nickel Alloy parts and operated by Nickel Iron Alkaline batteries haul the ore to the hoists.

And above ground the ore is broken in mighty crushers of Nickel Steel and Iron, ground in mills lined with abrasion resisting Nickel Iron. From ore to refined metal, Nickel Alloys are used to stand up under the terrific strains, stresses and abrasive conditions.

Mines the world over operate more economically; all branches of industry carry on more efficiently, because of the superior qualities of Nickel Alloys.

And because Nickel Alloys perform better longer, the demand for Nickel in peaceful industry continues to grow. Every Canadian share in the wealth the Nickel industry brings to Canada.

DELIGHTED TO  
BE BACK AGAIN

Joan Peebles, Former B.C. Teacher Now Famous Singer, Arrives Here

Delighted to be back in British Columbia, which she left ten years ago to go to New York to study music, Joan Peebles, a former school teacher in this province who has won distinction both in the field of opera and concert, arrived in Victoria yesterday, and tonight, at the

Empire Theatre, will give the opening programme of the Musical Art Society, assisted by Theo Karle, American tenor.

Miss Peebles told a Colonist reporter that she did not realize until she arrived here how beautiful Victoria was. In this she was referring particularly to the wealth of late bloom still to be seen in the gardens and to the riot of russet, crimson and green still spread through the vine that covers the front of the Empress Hotel. A former New Westminster girl, this return to the Coast is a real home coming, and she is looking forward to singing to old friends who have not heard her since she took up music as a career.

## SOME GREAT ROLES

Since 1928 she has studied with several of the leading singing masters of New York, among them Frank St. Leger, a former accompanist of the great Melba. She has developed a big operatic repertoire as well as concert material, and has thirty different operatic roles "at her finger's tips," having appeared with Edward Johnson, Rose Brampton, Richard Crooks, Bonelli and other well-known artists at the Metropolitan in such operas as "Carmen," "Aida" and "Il Trovatore."

Concert music is coming back to its former popularity, and after all, a nation, a community, is known by the kind of art it fosters, and she was glad to know that there were such organizations as the Musical Art Society in Victoria to encourage music here. Since June she has spent much time in the mountains of British Columbia, and gave recitals for the C.P.R. at Banff and Lake Louise. From here she will go to Vancouver, where she will give a recital for the Women's Musical Club on October 17 at the Hotel Georgia; and on November 13, just the day before she leaves by airplane for New York City to fill an engagement, she will sing for the Vancouver Symphony.

Theo Karle also arrived here yesterday afternoon. Although still a comparatively young man, he has had a rich and varied experience in the musical world. He was already well known when he went to Europe in 1926 to study with some of the leading operatic coaches of the continent before making his debut at the Opera Comique, Paris. After that he had a series of appearances with the Royal Opera at Monte Carlo, this prefacing the successful concert career he has enjoyed in America for the past eight years.

TELLS STORY  
OF TORNADO

A. C. Lovekin Gives Graphic Picture of Havoc in New England

The tornado which recently devastated the New England coast took its hapless victims completely unawares, and wrought greater havoc than had ever been known before on that coast, according to A. C. Lovekin, Long Beach, Vancouver Island, who was in Boston when the hurricane struck on September 21.

Mr. Lovekin visited Boston after taking his young grandson back to his home in New York, and was resting in his hotel room in the Massachusetts capital in the late afternoon when the tornado suddenly swept through the city. He returned to Victoria on Sunday with a graphic tale of the destruction that followed.

The big steel-frame hotel building shook like a leaf, Mr. Lovekin said yesterday, but even then he did not appreciate the full force of the storm until he saw the destruction it left in its wake after it had subsided.

## HUGE WAVES

The greatest devastation and loss of life occurred in the country estates and seaside resorts on the southern shore of Long Island, where waves thirty and forty feet high swept the buildings from the low-lying foreshore.

On the mainland immense trees that had stood for centuries were uprooted, largely due to the fact that the New England coast had experienced an unusually wet summer, and the ground was sodden. Economically, the destruction of 75 per cent of the maple orchards represented the most serious loss. Mr. Lovekin said. These trees, most of them 200 to 300 years old, had provided a sure crop each year.

After the storm had passed on the sea coast, the death toll continued to mount, for many days elapsed before the debris could be cleared. In many cases whole families were found to have been drowned.

## DOLEFUL CONDITIONS

Two or three days after the tornado, Mr. Lovekin made a trip through New Hampshire, where he saw devastation on every hand. The most doleful conditions everywhere prevailed, and all forms of communication were disrupted. It was said that at one time 300,000 telephones were out of commission, and electric power wires were carried away. Mr. Lovekin said. These trees, most of them 200 to 300 years old, had provided a sure crop each year.

It was a double disaster, he declared, for after the storm, floods came, and cities like Hartford and New Haven were inundated. Mr. Lovekin had to wait many days before he could secure transportation, and a week after the storm, had to detour via Portland, Maine, to reach Montreal.

Court of Appeal  
Victoria Sittings

**Rae Salander, Executrix of the Estate of William Doherty Carter, Deceased (R) vs. Amanda A. McCune (A)**—A motion was made to the Court of Appeal yesterday by H. A. Beckwith, counsel for the appellant, for an order that the evidence of Joseph A. "Bourque" be forthwith taken before an examiner in order that it might be preserved for use on the appeal or on a new trial if one should be ordered. The action was to recover certain bonds the respondent claimed belonged to the estate, but which the appellant claimed were given to her by the deceased. The appellant submitted the evidence of Bourque was not produced at the trial as she had no knowledge of it. As he is a patient in the St. Paul's Hospital and not expected to recover, the Court made the order asked for, but preserved the right of the respondent to object to its admissibility on the hearing of the appeal.

H. A. Beckwith for the appellant; R. L. Reid, K.C., for the respondent.

**REX vs. Vincent—Harold Brown (A)**—This appellant was convicted by a jury at the assizes held at Quebec on May 27 last when he was tried on a charge of having committed a statutory offence on a young woman at Windham, B.C.

The Chief Justice of the Supreme Court sentenced him to two and a half years in the penitentiary. One of the main grounds of appeal is non-direction amounting to mis-direction by the trial judge in that he failed to instruct the jury to pay no attention to evidence given in support of an alternative charge which the Crown withdrew at the trial.

F. C. Hall for the appellant; D. L. McAlpine, the Crown respondent.

**REX vs. Gordon Lim et al.**—Hearing of this appeal in which Lim and other Chinese appealed against conviction and sentences of seven years each on charges of violating the Narcotic Drug Act was set for Tuesday, October 11, upon a request of counsel to the Court of Appeal yesterday.

## ADANACS WIN FINAL BERTH IN LACROSSE

New Westminster Trims Alberta Team, 25-8, to Reach Last Bracket

MEDICINE HAT, Alta., Oct. 3.—New Westminster Adanacs qualified to meet St. Catharines Athletics in the Dominion senior lacrosse final by trouncing Medicine Hat 25-8 in a sudden death Western final here tonight.

Adanacs, who eliminated last year's Dominion champions, New Westminster Salmonbellies, gained a 4-2 margin at the end of the first quarter and increased it to 8-4 by half-time and 19-7 in the next period before smothering the Alberta champions in the last session, when they counted twelve goals against one for Medicine Hat.

Jimmy Gifford's young Adanacs will meet the Ontario champions for the Mann Cup in a series at Toronto.

**ATHLETICS ADVANCE**  
ST. CATHARINES, Ont., Oct. 3.—St. Catharines Athletics, Ontario senior lacrosse champions, advanced to the Dominion final by defeating Cornwall seniors 25-8 here tonight in the second game of a best-of-three series for the Eastern title. St. Catharines won the first game in Cornwall last Friday, 17-11.

The Athletics, victors over the powerful Orillia Terriers in the Ontario final, led throughout the fast game, before a crowd of more than 4,000 in Hald Stadium.

### CHEAT DEATH WHEN SEAPLANE CRASHES

Continued from Page 1

Mr. Nix ran over the logs to the wrecked plane, but before he reached it, he saw Mr. Bonner drag himself out of the cockpit in the rear, and crawl onto a log.

**PILOT IN WATER**  
Half immersed in water, Captain Finney was struggling in the forward cockpit when Mr. Nix reached it. Wading through water along the lower wing, Mr. Nix pulled Captain Finney out of the wreckage and carried him over the logs.

Lieutenant Commander Tisdall, officer on deck on H.M.C.S. Fraser, also saw the seaplane crash, and immediately lowered a boat and communicated with the barracks, whence a second boat was dispatched to the assistance of the two men.

Fourteen minutes after the plane hit, Captain Finney and Mr. Bonner were in the sick bay at Esquimalt, receiving first aid from Captain Morgan Smith, R.C.A.M.C. attached to the naval service at Esquimalt. Soon afterwards they were attended by Dr. J. S. McCallum, and at 4:28 p.m. were conveyed to the Jubilee Hospital by C. & C. ambulance, still in a dazed condition.

**PLANE TOTAL LOSS**  
Wreckage from it was strewn over the logs, and within a few minutes of the crash fuselage and the front portion of the machine were submerged between the logs, only the tail remaining above water. But for the forethought of Mr. Nix, who

### Major E. R. Taylor Administrator of Highway Traffic

MAJOR E. R. Taylor, recently appointed district engineer at Victoria for the Department of Public Works, has been transferred to Vancouver, where he will become administrator of highway traffic for the province. It was announced yesterday at the Legislative Buildings. He succeeds to the post left vacant through the death of H. L. Swast, formerly of this city. The district engineer's post here will be left vacant for the present, it was said.

secured a rope around the tail of the seaplane after rescuing its occupants, the machine would have sunk in a considerable depth of water.

Soon after the crash, a naval party, with Captain G. A. Johnson and Constable E. Holm, of the Provincial Police, made an attempt to drag the machine out of the water. They were unsuccessful, however, and placed additional lashings on the tail, pending salvage operations today.

### PONTON TORN OFF

One pontoon was torn off and lay on the logs like a crumpled paper tube, mute testimony to the force with which the seaplane struck the logs. Under the water the broken and twisted remains of the wings could be seen. The weight of the fuselage when the salvage party attempted to haul it out of the water indicated that the engine had not been torn from its mounting.

A former Royal Air Force pilot, Captain Finney first took flying sixteen years ago, when he was eighteen years of age, and has had extensive experience in aviation. He purchased the seaplane in Vancouver about three years ago.

## FOUNDERS' DAY IS CELEBRATED

Y.M.C.A. Observes Birth of Institution by Dinner Held at Spencer's

Founders' Day of the Y.M.C.A. was observed by the local association with a dinner in Spencer's dining-room last evening, which was attended by several former presidents and members of the board of directors and guests. Reports on the membership drive were also presented by the division managers.

To date the drive has shown an increase over the one two years ago. A total of 246 memberships was turned in with a value of \$2,429, compared with 1936, when 214 memberships for a value of \$2,247.50 and \$575 in cash at the same date in the 1936 membership drive.

Sam Hill received the pennant for Major Warren W. Martin's high team for the evening. The group reported ninety-eight country teams. The white division, led by Major Grant Patterson, submitted ninety-one memberships, and Major J. V. Johnson's red division reported fifty-seven memberships. Top honors for individual teams went to the group under Arthur Cann's leadership.

### HISTORY OF Y.M.C.A.

H. B. Witter, president of the Y.M.C.A., spoke briefly of the founding of the institution in England ninety-four years ago by George Williams. He said today it was established in sixty-nine countries and the 10,000 associations had two and one-quarter million members.

The president also introduced several veteran members and guests of honor who spoke briefly as follows: W. B. Hone, John Fullerton, E. E. Woodson, R. W. Whittinton, P. G. Mulliner, member of the Victoria school board; Sam Reid, George Morrison, Gilbert D. Christie, J. B. Clearhue, K.C., Byron Johnson, W. B. Fisher, W. A. Jamison.

E. G. Robertson, chairman of the membership drive, introduced Ald. S. H. Okell, who represented Mayor Andrew McGavin; J. G. ### HOUSING THE JEW

FRANZENSBAD, Sudeten Germany, Oct. 3.—This town, one of those visited by Reichsfuehrer Hitler on his triumphal procession, was poised with anti-Semitic signs as soon as the German army annexed this part of the Sudetenland today. White and black posters marked "Jude" (Jew) were pasted on the windows of all Jewish stores.

### Announcements

Beware of advertisements which are mere catch-pennies! Alas! How many of you have wasted your money beguiled by wonderful stories all too far distant lands, and gratitude and late husbands? It is not better to consult some one who is able to see and talk to, living right here in one's own home town rather than to venture to send money to some unknown person from whom there is no redress—except through law—which is costly—and therefore never resorted to. The procession moved over crowded streets and rows of seven-story houses from Widenau to Eger, through Haslau, Asch and Franzensbad, Hitler standing in the front of a big open automobile preceded by two armored cars and followed by his long retinue.

The Reichsfuehrer looked straight ahead, unsmiling, his hand out-

## "I WAS SILLY TO TRUST ORDINARY SOAPS TO STOP 'B.O.'"

I SHOULD HAVE KNOWN THAT NO OTHER SOAP PREVENTS 'B.O.' AS LIFEBOUY DOES

says Mildred Burns (Letter on our files)

### IT HAPPENS EVERY DAY!

I'M SORRY TO CRY AT YOUR PARTY, ANN! BUT I NEVER HAD FUN ANY MORE. BOYS JUST DON'T LIKE ME.

DON'T BE SILLY, CAROL! YOU'D HAVE JUST AS MUCH FUN AS THE REST OF US IF YOU USED LIFEBOUY REGULARLY.

WHAT A THING TO SAY! "I'M ME?" WHY I WOULDN'T GO TO A DANCE WITHOUT BATHING!

BUT, DEAR, DO YOU USE LIFEBOUY! STOPS 'B.O.' AS LIFEBOUY DOES!

### LATER - Another Party

WHAT MAKES LIFEBOUY SO EFFECTIVE ANYHOW?

IT CONTAINS A PURIFYING INGREDIENT NOT IN OTHER WELL-KNOWN SOAPS THAT INGREDIENT MAKES THE SOAP Milder, Too!

I'M HAVING THE TIME OF MY LIFE! I WISH I COULD WASH EVERY GIRL TO BE EXTRA-CAREFUL ABOUT HER BATH SOAP! I'LL NEVER AGAIN TRUST ANY SOAP BUT LIFEBOUY!

DON'T wait for an embarrassing personal experience to teach you that ordinary soap stops 'B.O.' as Lifebuoy does! Make Lifebuoy bathing a habit! Be confident you're safe from any likelihood of offending. Lifebuoy contains an exclusive purifying ingredient not in any other bath or toilet soap.

soap... it really stops 'B.O.'... That's one big reason why Lifebuoy is Canada's and America's favorite bath soap... with women, with men and children. Lifebuoy is a favourite for complexion care, too... Try it!

## Weddings

### SAUNDERS—CARTER

Christ Church Cathedral, with its lovely Harvest Thanksgiving decorations, was the scene of a pretty wedding last evening solemnized by Rev. T. R. Lancaster, when the principals were Muriel Mary, elder daughter of Mr. and Mrs. F. A. Carter, Burdett Avenue, and Mr. Frederick George Saunders, eldest son of Mr. and Mrs. F. A. Saunders, Cook Street. Mr. Stanley Bulley presided at the organ. Given in marriage by her father, the bride looked charming in a frock of pale pink georgette worn with a ruffled bolero finished with an Elizabethan collar, and a matching Juliet cap trimmed with a pale pink rose over each ear and hip-length veil. She carried a shower bouquet of pink roses and carnations. Miss Freda Carter was her sister's bridesmaid in a frock of sage blue net over tulle, who wore a veiled cap of matching net, and carried a bouquet of pink chrysanthemums. Mr. John LePage was best man, and the ushers were the bridegroom's brothers, Messrs Bert and James Saunders. Following the ceremony, a reception was held at the home of the bridegroom's parents, during which the bride's party stood in a window embrasure banked with flowers. The guests, who were relatives and intimate friends, were welcomed by Mrs. Carter in a graceful frock of white silk and a matching hat of soft felt, and toning accessories, and by Mrs. Saunders, who was smartly dressed in brown with rust accessories, who both wore corsage bouquets of carnations. The supper table was beautifully arranged with ferns and pink carnations and was centred with the wedding cake. After a honeymoon, for which the bride left in a grey suit and a teal green coat with a grey wolf collar and black accessories, Mr. and Mrs. Saunders will make their home at Ocean Falls.

### FLOWRIGHT—TUFTS

The marriage of Myrtle Evaline, eldest daughter of Mr. and Mrs. G. T. Tufts, Black Point, Halifax, and Mr. Charles Allan Flowright, son of Mrs. Flowright, and of the late Mr. W. G. Flowright, Victoria, was quietly solemnized last Saturday in St. John's Church, Duncan, Rev. H. T. Archibald officiating. The decorations arranged in the church for the Harvest Thanksgiving service made an attractive background for the ceremony. The pretty bride, who was given in marriage by Mr. Augustus Daye, Youbou, wore a floor-length frock of black net with gold and silver applique trimming and a teal floral doll hat, and carried a bouquet of pink and white carnations and gladioli. Mrs. James C. Wilson, Youbou, attended the bride, in a frock of black net with gold and silver applique trimming and a teal floral doll hat, who carried a shawl of mauve gladioli. Mr. Wilson supported the bridegroom. Mr. and Mrs. Flowright left immediately after the service for Victoria, where they have taken up residence in the Dominion Hotel for a few days while they visit the bridegroom's relatives and friends in the vicinity. They will make their home at Youbou.

### MERRY—DODSWORTH

Mr. and Mrs. F. Dodsworth announce the marriage of their eldest daughter, Joan Doreen, to Mr. James Ellis Merry, younger son of Mrs. A. M. Merry and the late Mr.

H. Merry. The marriage took place quietly on September 20.

### DOUGAN—NORDLUND

Of much interest to the many friends of the bride and bridegroom in Shawnigan Lake, Cobble Hill and district was the quiet wedding solemnized on Thursday afternoon, September 15, at Rich Valley, Alta., where Vivian Hicks, eldest daughter of Mr. and Mrs. W. Nordlund, Rich Valley, became the bride of Mr. Raymond Victor Hugo Dougan, eldest son of Mr. and Mrs. A. A. Dougan, Cobble Hill. Rev. George MacDonald, D.D., Edmonton, officiated.

The bride, given away by her father, wore a frock of blue sheer and carried a bouquet of pink and white sweet peas. Miss Winifred Cosens was her bridesmaid and carried a bouquet of darker pink and white flowers. Mr. Munroe Morrison, Edmonton, cousin of the groom, was best man.

At the reception held at the home of the bride's parents, the young couple stood on the lawn beneath an arch of evergreen and ferns decorated with "pink and white" flowers. The pink and white motif was also carried out in the decoration of the refreshment table.

After a motor trip back to the Coast, Mr. and Mrs. Dougan will reside at Shawnigan Lake.

### MERRITT—BROWN

The marriage was celebrated on Saturday evening in the Canadian Memorial Chapel, Vancouver, of Marjorie Isobel Gordon, daughter of Mr. and Mrs. Brenton S. Brown, and Mr. Edward James Merritt, second son of Mr. and Mrs. E. J. Merritt, Victoria. Rev. Gordon Dickie, D.D., officiated, assisted by Rev. G. Harrison Villett. The bride, given in marriage by her father, wore a Basque model gown of white Ducharme satin with a Medici collar, the full skirt forming a fan-like train. Her veil of illusion net was worn with an over-veil of Rosepoint lace, held to her head with a coronet of orange blossoms and seed pearls. She carried a shower bouquet of lilies of the valley and white orchids. The matron of honor was Mrs. Brenton Brown, Jr., and the bridesmaids were Mrs. John Hocking, Miss Rosemary Edmonds (New Westminster), cousin of the bride, and Miss Mary MacNeill.

A reception was held at the Vancouver Yacht Club. Later Mr. and Mrs. Merritt left for a motor trip to the South and will make their home in Vancouver. The bride traveled in a handwoven dress of teal blue material, a short grey lamb jacket and sports hat of a crushed wine shade, which matched her accessories.

## What Today Means

### "LIBRA"

If October 4 is your birthday, the best hours for you on this date are from 9 to 11 a.m., from 1 to 3 p.m. and from 7 to 9 p.m. The danger periods are from 7 to 9 a.m., from 5 to 7 p.m., and from 9 to 11 p.m.

Through some prevailing condition, unusual event or strange circumstance, your imagination may be greatly stimulated today. Be careful how you allow notions to beset you, for they may lead to wrong conceptions regarding the attitude of friends and relatives. This ought to be a good day for inspirational or creative work. Any temptation to be tyrannical or to take the law into

your own hands must be resisted, for yielding to it will only lead you into trouble. Any disregard of personal rights or fixed rules will be very poor judgment. You must remember it is impossible for you to be in two places at once, so in making engagements allow yourself plenty of time. Prices for merchandise are likely to be very flexible, so the wise buyer must be cautious. Flattery is apt to be a poor medium to use in trying to ingratiate yourself in anyone's good graces this day. Married, and engaged couples, and those seeking a life-partner, should not express uncomplimentary remarks too freely for there is danger that a good deal of dissonance will spoil your day.

If a woman, and October 4 is your birthday, you must either learn to control your temper or it will master you. You may be fond of doing mental gymnastics in finding solutions for knotty problems. You do not, apparently, like being left to your own devices, so need congenial companionship to be completely happy. You may judge people too much by external appearances; seek, therefore, to discover their real worth before seeking their friendship. As a musician, model, designer, artist, actress, newspaper woman, sales agent or specialty shop manager you might become an outstanding success. Your opportunities for happiness as a married woman appear to be unlimited.

The child born on October 4 is frequently governed by impulses, likes and dislikes. Having an independent nature, it will be much easier to persuade than to force this youngster to do things. Children born on this date are generally mentally and physically well equipped to cope with any difficulties that might confront them in the furthering of their ambitions.

If a man, and October 4 is your natal day, your sense of humor should help you greatly in both social and business activities. Keenly sensitive to criticism, your feelings are too easily hurt. Through geology, biology, chemistry, dentistry, acting, writing, preaching or manufacturing you may find a way that will lead you to a fortune.

### METCHOSIN CLUB

The October meeting of the Metchouin Dramatic Club will be held tomorrow evening at 8 o'clock at the home of Mr. and Mrs. F. D. Osborne. Anyone interested in joining the group is cordially invited.

## Is that boy of yours on the road to success?

How fast he grows—that son of yours! Just the other day, it seems, he was a baby. And now as you look at him at play, or at his hobbies, you resolve that your boy must have the opportunity to develop his capacities.

What a satisfaction to you would be an Imperial Life policy taken now to guarantee \$1000 or more for your boy at a time you think he will most need it. Such a policy would provide the necessary money whether you live

to make the deposits or not. It would help to give your son a "running start" in life.

Your son carries your name. In him you yourself are re-produced. Will he do credit and honour to your family? Make plans for him now.

"FINANCIAL SECURITY THROUGH LIFE INSURANCE," by Paul Speicher, an international authority, is an interesting book which should be read by everyone who plans to provide financial security for himself and family. Your local Imperial Life representative will make a copy available to you without cost.

**CULBERTSON on CONTRACT**  
By Ely Culbertson  
World's Champion Player and Greatest Card Analyst

To be successful a player must be generous when it comes to his anything! This, of course, is a lamentably cynical philosophy, but a necessary one.

If a declarer, for example, gives a trick away without need or purpose, he may be a fine fellow, but he's not a good bridge player. But if, on the other hand, the "giver" does the declarer no good and the declarer himself no harm; if, indeed, such concession smooths out the road for declarer, it is supremely foolish for him to be tight-fisted.

Declarer's greed in the hand shown below was very costly.

West, dealer.  
East-West vulnerable.

The bidding:

Pass 4 Pass 1 Pass

East toyed with the idea of bidding again over North's pre-emptive four hearts bid but vulnerability conditions being what they were, correctly decided against it.

West opened his fourth highest.

Declarer's play at the first trick had been an instance of pure greed with no compensating logic. It should have been perfectly obvious that he could well afford the concession of a club trick, since that concession would establish another club trick for himself. It goes without saying that he should have discarded one of dummy's losing diamonds, making East a gracious present of the club ace. Declarer's own club king then would have become established and dummy's other losing diamond would find a safe resting place. There would be nothing to the play after the first trick. Declarer could win any return East made except a spade (in which suit he would gladly concede two tricks), draw trumps, cash the club king, discarding dummy's remaining diamond loser, and then claim the balance.

**Don't Keep on Having Constipation!**

If constipation gets you down—so you feel heavy, tired and doped—it's time you did something about it. And something more than taking a pill. You should get at the cause of the trouble.

If you eat only the things most people do, the chances are that a very simple fact causes your constipation—you don't get enough "bulk." And "bulk" doesn't mean heavy food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is your trouble, eat crisp crunchy Kellogg's All-Bran for breakfast every day and drink plenty of water. All-Bran is not only rich in "bulk"—it also contains the natural intestinal tonic, vitamin B.

Made by Kellogg in London, Ontario. Sold by every grocer.

**TRANSFER MAY NEED STATUTE**

Province Still in Actual Possession of Fraser Railway Bridge

While legal minds of the Provincial Government had not gone deeply into the matter yet, the probability of the transfer of the former New Westminster railway and highway traffic bridge from British Columbia to the Dominion, or to the C.N.R., requiring a bill before the Legislature was admitted yesterday in highly placed quarters.

As one authority put it, it was not likely that the Province would hand over public property without a direction from the Legislature.

The old bridge, with considerable expectancy of life yet and with an indeterminate value variously placed at between \$750,000 and \$1,500,000, was proposed originally as a toll structure, and completed as a public enterprise.

**LOSS OF REVENUE**

Bridge debt cannot be aggregated now, loans being included in general authorizations for that and other purposes. Losing the bridge, the Province will also lose the revenue of approximately \$10,000 per annum it used to bring from rail and running rights.

Technically the old bridge is still in possession of the Province, and being administered by its officials. From Ottawa, however, it is announced the bridge will be handed over free to the Canadian National Railways by the Dominion Government. The Province, however, may require an act of the Legislature to give the structure to the Dominion.

## Feller Winds Up Season With New Strike-Out Record

Young Cleveland Mound Ace Fans Eighteen to Break Dean's Mark, But Loses Game—Cincinnati Was Surprise Club of the Majors—Over 10,000,000 Paid Admissions

By SID FELLER  
Associated Press Sports Writer

The baseball world took a deep breath today and wondered just a little how come it still retained some semblance of sanity at the wind-up of a wacky season as the game ever has worked its way through.

There was still the problem of getting the world series out of the way, but that was up to New York Yankees and Cubs, who begin the classic in Chicago Wednesday. The rest of the fellows finished their work Sunday, and saved for the finale the silliest situation of all—Mister Bobby Feller, of Cleveland, fanning eighteen batters in one game for a new major league record, and losing the game anyway.

Of course, there was no question of sanity involved when it came the magnates' turn to count the profits. You can't laugh off more than 10,000,000 paid attendance for a season, no matter how hard you try. That's a new all-time high for one campaign. In the American League pennant race, the Yankees made it interesting by letting the other fellows make a fight of it through the first half. But when Cleveland Indians went into their annual "Midsummer night's dream," and Boston Red Sox lost their one and only pitcher, Lefty Grove, the Yankees rolled right in with their straight pennant.

At one time in the National League, the Giants seemed to be on the way to a third straight flag. But the injury jinx finished them. Then Pittsburgh went out in front, but, like the Indians, the Pirates "choked up" when the going got tough. So it was up to Gaby Hartnett and his Cubs to turn the trick. Gaby took over the reins from Jolly Cholly Grimm in July and the Cubs didn't seem to be headed anywhere. Down through the stretch

## BLIND PEOPLE WILL PERFORM

Arrangements Made for Sightless to Bowl at Olympic Alloys

The Olympic Bowling Alley, Yates Street, has generously offered its facilities to the Canadian National Institute for the Blind for the purpose of developing finger bowling amongst the blind people of Victoria.

A hand rail about the height of a man's knee and about eight feet long is the only additional equipment required. The blind bowler places his knee against the rail and takes a few steps forward before delivering the bowl, thus obtaining his direction.

Bowling by the blind started in Vancouver last September and several other teams were developed across Canada. In April of this year the first trophy match was played off and won by the Vancouver team.

It is expected that bowling by the blind will create considerable interest by the people generally and will prove still another step in the institute's programme to establish victory over blindness.

This recreation, however, would

Enter Senior "A"

Division to Date

THE closing date for entries in the Victoria Rugby Union has been extended until the next meeting is held in The Colonist board room on October 11. It was decided by the executive at yesterday's gathering. Teams entered in the various divisions to date are as follows: Senior "A," J.B.A.A., last season's champions and winners of the British Columbia title, Oak Bay Wanderers and the Canadian Scottish; Intermediate, Victoria College, Oak Bay Wanderers and the Canadian Scottish. Officials expect to have the Navy and Garrison in the senior section by next week, and also get an entry from the University School for the intermediate division. The "B" division is still problematical, and may not be in operation when the season gets under way on Saturday, October 13, at Macdonald Park. The meeting was informed that Mrs. C. E. Wilson is willing to assist the union in staging its ball at the Empress Hotel on the night of December 9.

## LES PATRICK STARTS WORK ON NEW MEN

Thirty Hockey Students on Hand When School Gets Under Way

WINNIPEG, Oct. 3 (AP)—Closed doors prevailed today as Lester Patrick sent thirty hockey students from all parts of Canada through a light stick-handling and skating drill on the opening day of his fifth annual hockey school.

Declaring he was through "playing host" to the country's ivory hunters, the silver-haired manager of New York Rangers said he meant to protect the exclusive scouting rights for which the Rangers are paying. It is the first time the school has been closed to the public in its five years of operation here.

"It costs the organization \$7,000 a year to conduct this school, for the obvious purpose of discovering and developing potential professional material," Patrick said. "Instead we have quite innocently established an ivory center where team managers from everywhere have been sitting in as rival bidders."

After separating the thirty students into two sections, with each spending an hour on the ice, Patrick confessed the current crop didn't look as promising as the 1937 group. Only four members of last year's New York Rangers were among the candidates today. They were Alfie Pike, Bill Allum and Albert McKay, of Winnipeg, and Murdo McKay, of Port Williams.

Three others—Lloyd Alsby, of Vesper, Sask.; Walter Rinstad, of Edmonton, and Frank Boucher, of Ottawa—have been assured positions and are not required to report until the professional teams, New York Rangers and Philadelphia Ramblers, arrive in ten days.

NEWCOMERS REPORT

Newcomers reporting today include: Forwards Bill Hannon, of Halifax; Norman Larson, of Moose Jaw; William Tison, Hector Shields, Ferns Grieve and Bob Livingston, of Regina; Sid Brown, of Flin Flon; Man; Vince German, of Yorkton, Sask.; Harvey Palmater and Ernie Strong, of Winnipeg; Mitch Pechet, of Brandon, Man.; Trevor Lyons, of Rainy River, Ont.; Howard Hollinger, of Kitchener, Ont.; Reg Bentley, of Drumheller, Alta.; Stan Smith, of Kimberley, B.C.; and Bob Case, of Edmonton.

Defencemen include Johnny Godfrey, of Copper Cliff, Ont.; Victor Cameron, of Carleton Place, Ont.; Tommy Dwar, of Moose Jaw; Phil

Andrejkev, of Flin Flon; Bud Turley and Jack Lambrecht, of Regina; and Julian Sawchuk, of Edmonton.

Goalies Harry Morox, of Flin Flon, and Norman Mantais, of Dauphin, Man., also reported. It was expected Hal Cathcart, goalie of Portage Terriers, juniors last season, would report within a few days.

## WRIGHT AND DAWSON TIED IN CUP GOLF

Share Top Position in The Colonist Cup Tournament At Macaulay

Eric Wright and J. F. Dawson were bracketed in top place at the halfway mark in The Colonist Cup competition at the Macaulay Point Golf Club with net scores of 62, a stroke in front of A. E. Stobomb.

The opening eighteen holes were run off Sunday at the Esquimalt links and the final round is scheduled for next Sunday. The shotmaker with the best net card for the two rounds will take possession of the handsome piece of silverware.

Wright was in great form and blazed his way over the course in 67, one of the best competitive rounds posted at the course for some time. His five handicap reduced his score to a net 62. Dawson, playing with a twenty handicap, came in with an 82 for his net 62, while Stobomb had 80-17-63, and A. E. Morgan was tied for the next two positions with J. W. Holyoak and Alex Simpson.

THE only swimmer to wrest a title from the powerful Y.M.C.A. tankers, young Derrick Cosby, of the Pacific Club, flashed to a clean win in last night's championships at the Crystal Garden.

Three big names in women's golf, Ada Mackenzie, of Toronto; Mrs. W. G. Fraser, of Ottawa; and Jessie Anderson, of Perth, Scotland, a member of the British Curtis Cup team, led the field with sparkling 79's.

ROYAL OTTAWA GOLF CLUB

OTTAWA, Oct. 3 (AP)—The hottest pace in the history of the Canadian women's open golf tournament was set in the eighteen-hole qualifying round today when the field of ninety-four was pruned to thirty-two.

The country's foremost women sharpshooters along with the five members of the British Curtis Cup team and six youthful starlets from five provinces qualified for the eighteen-hole first round match play tomorrow. There was no major upset.

The medal scores ranged from 79 to 90, and the Canadian Ladies' Golf Union officials said this established a low-score record for the qualifying round.

## New Highs for Year Are Shown On Wall Street

NEW YORK, Oct. 3 (AP)—The stock market put on its fifth successive advance today, with selected issues up fractions to a point and a few as much as 3 or 4 points. A number of new highs for the year were in evidence.

While the European peace settlement tended to lessen as a market influence, buying forces were still sufficiently optimistic over the spiking of world-war threats to bid for favorites. Business news was also constructive enough to maintain speculative and investment sentiment.

While steel and motors took a breathing spell at slightly lower levels, strength was displayed by building materials, chemicals, rubber and a wide assortment of specialties. Utilities enjoyed a forenoon upward flurry, but rail, oils, copper and most aircrafts held to a narrow range.

The Associated Press average of sixty stocks was up 4 of a point at 49.5. Transfers amounted to 1,462,030 shares, compared with 1,897,880 last Friday.

The bond market had one of its best sessions in months, with substantial gains in all groups. French 7-1/2% stamped were up at 107 1/2. Polish and Japanese issues generally were around 2 higher. Italian loans continued strong. Czech Government 8% of 1932 was a point higher at 85. Gains ranged from around 5-3/8 to 1-1/2 of a point in U.S. Treasury issues.

Railroad and Industrials moved ahead.

## Jane Dixon Says:

TODAY WE HAVE THE STORY OF A YOUNG MAN AND A YOUNG WOMAN WHOSE SELFISH RELATIVES ARE TRYING TO DENY THEM THE RIGHT TO LOVE

The right to love and to be loved is vested in every living human being regardless of conditions or of circumstances.

Dear Jane Dixon:

My people are in very poor circumstances. All the bad luck in the world seems to knock on our door—unemployment, sickness, family troubles. Most of the time I am the sole support of the house. My people, consisting of my mother, an older brother and sister, seem to think this is my mission in life, to take care of them. If I go out with a young man they raise Cain and say I am trying to walk out on them. Now I've met a boy I love and who loves me, but they are making my life miserable, and they insult him when he calls for me. He is a clean, honorable, upright boy with a good job and a fine reputation. What can I do about my people?—In Distress.

Comment: Make your family understand that if they continue to heckle you and deny you your right to love, you will walk out and stay out. Blood ties do not give persons the right to fasten themselves upon us and sap us of youth, strength and happiness. Serve notice on your selfish circle that if you are to continue to help them they must help you with kindness and courtesy.

**Miss Dixon:**

I am an only son, in fact an only child. My mother is a widow with plenty of means to take care of herself nicely. The trouble is, she always has been a little bit touched about me. She calls herself an adoring mother who lives only for her son. She has said over and over that if I married she didn't want to live.

I've met the only girl in the world for me, Miss Dixon, and she loves me. She has tried to be friends with mother, but it won't work. The latest is a campaign to try to turn me against her, fault-finding, mean little digs, ridicule. It's driving me half-crazy. I have the offer of a position in another city. I think I ought to take it, don't you?—J.G.E.

Comment: Certainly you should take the position that will remove you from an atmosphere of malice and of devotion as unhealthy as it is unreasonable. If you marry the girl you love and who loves you, which is as it should be, you will find that your mother will go right on living despite her melodramatic statements and her silly sentimentalism.

Don't be afraid, young man; be firm.

### HOME IS DESTROYED

## FOREIGN ISSUES CHIEF CONCERN

A. S. Averill, Back From  
England, Reviews Reactions  
to Czech Problem

"The chief concern of men's minds in England during the past nine months has been with foreign affairs. When I arrived there in January, the general opinion was that unless their foreign policy, as left by Lord Baldwin and being carried on by Anthony Eden was changed, they were heading straight for war," reports A. S. Averill, who has just returned after an eight months' visit in England.

"Chamberlain was generally considered, by the well-informed, to be a strong man, the best Prime Minister since Disraeli, and that he had the right ideas on foreign policy—namely, friendship, or at least a sympathetic understanding with Italy and Germany. They doubted, however, that he would be strong enough to carry out this policy in the face of the determined opposition to such a course vociferously expressed by all the Left parties.

"Then came the resignation of Anthony Eden. Here the well-informed and unprejudiced were with Chamberlain. Then came the Anglo-Italian Agreement. Here again the well-informed of Conservative leaning and ordinary non-political people said, 'Here is the first real step towards European peace.' Whereas all the Left parties said, 'Let us have no dealings with dictators,' but at the same time they advocated an alliance with Stalin, the most dictatorial dictator of them all. So clever was the propaganda of the Socialist and Liberal press that my own observations were that if there had been a general election then the National Government would have been defeated. But since that time the rightness, in fact, the true Christianity of Chamberlain's foreign policy has gradually been gaining ground with the man in the street."

### STRANGE METAMORPHOSIS

During the Spring and Summer, Mr. Averill witnessed a strange metamorphosis—Conservative and capitalist opinion generally, which had so persistently been represented as war opinion, becoming more and more pacific, while on the other hand the Left parties, which always claimed to be peace lovers, were becoming more and more bellicose.

"If the Labor Party had been in power in June there would have been war either over Spain or Czechoslovakia. Even many peace societies, persuaded by the Socialist elements within them, were at least advocating policies which would lead to war. Chamberlain realized that until the Czech question was settled he could not get his desired appeasement in Europe. All the Left parties were violently pro-Czech, because they were deceived by the clever propaganda of the extreme Left, who saw in the question a chance of uniting Great Britain with France and Russia against the Nazis," Mr. Averill stated.

Mr. Averill found among a certain section of the British Empire should cultivate friendship with Germany, even though they might dislike her form of government and her methods.

It is this spirit of fair play, maintains Mr. Averill, that Mr. Chamberlain has interpreted and translated into action in the Protocol of Munich.

### MOTION PICTURE FOR LADIES ONLY

"Portrait of a Woman" to Be Shown  
In Spencer's Department Store  
This Week

"Portrait of a Woman," announced by David Spencer's Department Store, is a combination entertainment and education motion picture sponsored by S. H. Camp & Company in the interests of greater health and beauty for women.

The motion picture, which will be shown today, Wednesday and Thursday, is not an anatomical lecture, nor is it a fashion presentation. It boasts a professional cast headed by some well-known performers. Miss Edith King, now playing in "Amphitryon 38," plays the part of a charm school director. Nicholas Joy, of "Yes, My Darling Daughter," is shown in the role of an artist. Harry Banner, in whose delightful studio the scene takes place, plays the part of a sculptor and gives the story a lightness which is altogether charming. Last but not least, a most convincing performance is given by Richard Gordon, who portrays the doctor.

Altogether "Portrait of a Woman" is a grand half hour show and it is for women only. It frankly discusses the common figure faults, the problem of fatigue, a few so-called "prescription cases" and offers a solution within easy reach of most women.

"Mary's birthday party didn't amount to much?"  
"No, she deserved a better fate."

THE MILITARY SALUTE—(NOT A BAD STORY)

"After the defeat of the Spanish Armada in 1588," we read, a naval tournament was arranged for the victorious British seamen and, at

the request of Admiral Drake, Queen Elizabeth consented to come down from London and award the prizes.

"The officer in charge of the arrangements proved himself one of the most tactful men in history—he issued orders that on account of the dazzling loveliness of Her Majesty, all seamen, upon receiving their prizes, should shield their eyes with their right hand."

Now, if our historian had only stopped right there, this would have

been not a bad story; but, stepping in where angels fear to tread, he concluded with:

"Thus was born the naval and military salute."

By this peculiar alchemy a historian is turned into a target, and what might have been a happy circumstance becomes a tall tale.

For the origin of the naval and military salute antedates Admiral Drake and Queen Elizabeth by many thousands of years. It springs from the days when man was inseparable

from his stone cudgel or some other form of weapon.

Upon encountering an acquaintance, or, for that matter, a stranger, it was a sign of friendship—a symbol of peace—to drop his weapon and extend or raise his hand—unarmed.

This was the birth of the naval and military salute. And of the handshake, too.
